

PRICE LIST

This price list is valid as of 12/10/2017 and supersedes all previous price lists. All prices stated here are quoted exclusive of Value Added Tax (VAT), which will be charged at the rate ruling on the date of order. Calculation of VAT is subject to the regulations of the German Value Added Tax Act.

The listed software products can be licensed for single or network usage to optionally run the software on one or more work stations simultaneously. GWT allows a discount on application when ordering three or more products, if all products are ordered in one purchase order. This option does not apply to license upgrades. Dongle-free site licenses are granted for equipping at least ten work stations with identical licenses.

Please request your individual quotation from us, which is free of charge and without obligation.
